

Department of Aerospace Engineering SEMINAR

MMU Programının Başlangıcı (2010-2016) The Beginning of MMU (Fighter) (2010-2016)

Özcan Ertem
Oregon State University

Oct 17th, 2023, Tuesday, 15:30

METU Aerospace Auditorium

This seminar is about the initial phases of Turkish Fighter Aircraft Program contracted to Turkish Aerospace Industries as Prime by Undersecretariat for Defense Industries and Turkish Air Force including Conceptual Studies Phase up until Preliminary Design Phase. (2010-2016).

Being the very first BSc graduate of METU AeE Dept in 1984, Özcan Ertem also received his MSc degree from METU in 1987. He worked for Turkish Air League between 1987-1990 as Maintenance Manager where he also earned his Pilot's License. In 1990, he was employed as a UAV Design Engineer by TAI and worked there for 27 years until his retirement in 2017 as V.P. of Aircraft Group. Currently teaching at Oregon State University, Corvallis, Oregon at MIME Dept (Mechanical, Industrial, Manufacturing Engineering) as the Professor of Practice.

p.s. Seminar will be in English with Slides shown in Turkish languages.
